

MyPlace4Parts Auto Value / Bumper to Bumper and tekmetric Integration

Version 3.6 released 4/13/2021

1. Log in to <http://shop.tekmetric.com> and open your shop.
2. From the Shop Dashboard select Vendors from the left navigation panel.

The screenshot shows the 'Shop Dashboard' interface. On the left, a navigation menu includes 'Shop Dashboard', 'Job Board', 'MAIN' (Appointments, Inventory, Orders, Reports), and 'MANAGE' (Customers, **Vendors**, Canned Jobs, Inspections). The 'Vendors' item is highlighted with a red box and a red arrow. The main content area displays 'SHOP OVERVIEW' with tabs for 'SERVICE WRITER' and 'TECHNICIAN'. It features a summary row with metrics: Car Count, Pending Sales, Declined Sales, Approved Sales, ARO, and Close Ratio. Below this is a bar chart titled 'CARCOUNT' with a dropdown menu and a note: '*RO level fees and discounts NOT included'. The chart shows various categories on the x-axis, including 'Requires Authorization', 'Pending Authorization', 'Declined All', 'Work Not Started', 'In-Progress', 'Need to Order Parts', 'Waiting on Parts', 'Waiting on Customer', 'Waiting on Subject', 'On Hold', 'Balance Due', 'Ready to Print', 'Credit Due', 'In MR', and 'Posted'.

3. Search for the Vendor name (Auto Value or Bumper to Bumper Store). If you do not find one, you can create a new one by clicking on the New Vendor button up at the top.

The screenshot shows the 'Vendors' page. At the top, there is a search bar with the placeholder text 'Search vendors by name, phone, etc.' and a red arrow pointing to it. To the right of the search bar are buttons for 'INTEGRATOR', 'NEW VENDOR', and 'MERGE VENDORS'. The 'NEW VENDOR' button is highlighted with a red arrow. Below the search bar is a table with columns for 'Vendor', 'Contact', 'Integrator', and 'Account Rep'. The table contains several rows of vendor data. At the bottom right of the table, there is a pagination control showing 'Rows per page: 10' and '1 - 10 of 24'.

- If you are adding a New Vendor, you will enter your Parts Store Name and the Integration Credentials provided to you by your Parts Supplier. **If you do not have integration credentials for tekmetric, contact your Parts Store and request a Seller ID / Buyer ID to integrate MyPlace4Parts inside tekmetric. If you receive an error “Myplace4Parts responded with the following error: Invalid seller/buyer id” please contact your parts store. This error means there is an issue with your integration credentials.** Make sure to enter the Seller ID and Buyer ID in the Correct Fields and click SAVE.
